**Kathmandu, November 20, 2016:** Orient Electric on Saturday launched Aeroquiet ceiling fan, which promises 'highest ever air flow with heavenly silence'.

The premium ceiling fan was unveiled at the ongoing NEEK Electro-Tech 2016 at BhrikutiMandap.

First in the company's Aero Series range of premium ceiling fans, Aeroquiet sets to bring alive exclusivity, and features a powerful motor for smooth operation and 3D aerodynamic design for maximum air delivery.

The fan has a sweep of 1200mm and has 100% rust-free blade made of high-grade glass filled compounded ABS plastic to provide strength to the blades. It comes with a sturdy 18-pole heavy motor with double ball bearing for smooth and silent operation.
