THE  
NEXT GENERATION  
FANS

A modern living room with a white sofa, large windows, and a dark wood ceiling fan. The room is bright and airy, with a wooden floor and a large potted plant on the left. The ceiling fan is a dark wood color with three blades and a central hub. The text "GIVE YOUR HOME THE UPGRADE THAT IT DESERVES" is overlaid on the image in a bold, dark brown font.

## GIVE YOUR HOME THE UPGRADE THAT IT DESERVES

We've been astounding you, your spaces and your aspirations for more than 60 years. We have grown with time to become one of the leading electrical brands in India with a significant global presence. Today, we are the largest manufacturer and exporter of fans in India. Not only this, we've also paved the way for pioneering developments in home appliances, lighting and switchgear. Behind this is the simple practice of what **YOU DESIRE, ORIENT INNOVATES.**

We now present to you an exciting range of next generation fans that are more intelligent and energy efficient. Consumer-led insight is at the core of our design philosophy. Benefiting from our R&D facility and extensive market research, each of over 300 variants in our portfolio strikes the perfect balance between aesthetics and functionality. We offer a complete range of fans to suit varied aesthetic preferences, evolving needs and usage environments.

Switch to the world created with passion-led innovations. **SWITCH TO SMART.**

## ACCOLADES AS GLORIOUS AS OUR RANGE

The awards and accolades we have received are testimony to our ongoing commitment to bring to you the best in the world of fans. We have won the prestigious 'Make in India Awards for Excellence 2015' in the Consumer Electricals product category. We have received the 'Superbrands' status in 2015. We have also been listed as one of the top 15 most trusted Indian brands in the consumer durables category consecutively in 2014 and 2015.

We have been awarded 'Star Performer' for many years by the Engineering Export Promotion Council (EEPC) of India for being the largest exporter in the industry. We are also rated as 'Star Export House' by the Ministry of Commerce and Industry, Government of India.

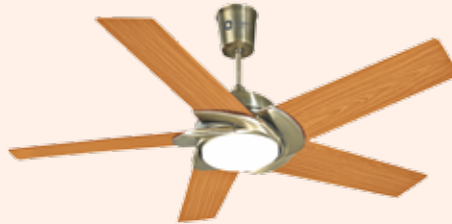

# UNDERLIGHT FANS

Awe-inspiring are the designs. So is their functionality. Find uniqueness and splendour in the air with the comfort of independent pull chord switches for light and speed controls. When luxury comes in each detail, astonishment is bound to happen.
